

# PLB HIRE

## SCOUTS & GIRL GUIDING NEW ZEALAND

Macpac and the Southland Locator Beacon Trust (SLB) have partnered to provide a Personal Locator Beacon (PLB) hire service at Macpac stores across New Zealand. We have already had successful rescues within the first few weeks of the service being available.

Due to New Zealand's rugged landscape and changeable weather, a Personal Locator Beacon is an essential item for anyone regularly heading into the backcountry for bush walking, hiking or backpacking — whether it's an afternoon trip or a multi-day hike.

---

**Macpac is proud to support Scouts and Girl Guiding by offering this potentially lifesaving equipment free of charge to you.**

---

To access this offer – pop in-store to any Macpac near you and bring written proof of your involvement with Scouts or Girl Guiding. We have a huge range of outdoors essentials – and would love to help you get kitted out for your next adventure. We value your support which allows us to provide great incentives such as this.

In addition, a great pre-trip resource is the New Zealand Mountain Safety Council's 'Plan my trip' tool, to check for track alerts and notices as well as share the trip details with your friends and family.
